

Prepping for Cockroach Treatment:

1. Remove everything out of all cupboards and drawers in kitchen and bathrooms and wipe down.
2. Remove all items from pantry or closets by kitchen or bathrooms.
3. Remove items off all kitchen and bathroom counters and wipe down.
4. Everything can be set on kitchen table or in totes.
5. Sweep, mop or vacuum all floors.
6. After treatment is finished, you will have to stay out of home for at least 6 hours.
